

DUNSMUIR

Fuels Mitigation Project

ATTENTION DUNSMUIR PROPERTY OWNERS!

Yellow area on map:

Get Fuels Reduction Work at No Cost to You!

Work includes pre-implementation environmental (CEQA) surveys, and some or all of the following implementation activities: cutting, thinning, pruning, limbing, and/or chipping of vegetation.

Orange Area on Map:

Get pre-implementation environmental (CEQA) surveys of your property – this will help prioritize your property for potential future fuels reduction work.

Please Sign Up!

Join the project and help reduce wildfire risk for yourself, your family, your neighbors, our emergency first responders, and our greater Dunsmuir community!
